

JAKUB SKOLASINSKI

I am originally from Poland. I started at Lander as an agency temp on February 2007 I was 21. I was given a permanent job as a General Operator in January 2010. In 2012 I had the opportunity to apply for the position of Team Leader. I was successful and for 2 years I have been a Team Leader in Captains Armrest. I recently applied for the position of Group Leader in AJ200 and was successful.

I enjoy working at Lander, through hard work and commitment I have been successful in furthering my career in Operations. Lander has a friendly family atmosphere with lots of opportunities for training and development.

I have been on Team Leader experience visits with our customer and won an award for the improvements my team, peers and myself made in Captains Armrest.
